Minimally invasive threads & methods
for face and body lifting, contouring and rejuvenation

www.aptos.global
Generation Aptos threads with HYALURONIC ACID for simultaneous lifting & rejuvenation!

Aptos history counts over two decades of innovation and product development. The methods were invented by the Georgian plastic surgeon Dr. Marlen Sulamanidze and further developed by his sons, plastic surgeons Dr. George Sulamanidze and Dr. Konstantin Sulamanidze.

Throughout our history quality has been our trademark. Aptos heritage counts up to 30 threads and more than 50 methods shared worldwide via selected professional distribution partners. Aptos threads and methods have obtained 18 patents of which 8 are international. Being the creators of the pioneering product, we have constantly met the aim to be a reliable partner for the practitioners worldwide.

We are more than our products - an ecosystem of training centers, materials and value-added offers was designed to support the doctors to deliver to their patients the very best services.

MISSION & VISION

• Created by doctors for doctors, Aptos threads and methods have been transforming the aesthetic medicine since the inception.
• Anticipating technology trends, we improve our products to make beauty and wellness accessible and affordable for more people.
• Aptos is defining the future of aesthetic medicine. Our mission is to improve the technology to the point when it fully eliminates the possibility of human error.

# APTOS SATELLITE

**FEBRUARY 1st, 2019**

**Room 253**

**Topics:** 3rd Generation HA Aptos Threads

---

**Monika Kavkova**
- **09:30**
  - My first year with a breakthrough Aptos 3rd generation lifting methods.
  - **CZECH REPUBLIC**

**Konstantin Sulamanidze**
- **11:20**
  - Needle 2G - Video lecture with comments.
  - **GEORGIA**

**Murat Twinadze**
- **11:50**
  - Aptos threads “Pour Homme”.
  - **GEORGIA**

**Bozena Jendrysik**
- **12:45**
  - Face and Neck rejuvenation. Why threads?
  - **POLAND**

**George Sulamanidze**
- **11:05**
  - Global Release of 3rd Generation Aptos threads with HA.
  - **GEORGIA**

**Topics:** Face & Neck

---

**Konstantin Sulamanidze**
- **11:20**
  - Needle 2G - Video lecture with comments.
  - **GEORGIA**

**Irina Puleva**
- **09:55**
  - Single blind, analytical comparative study of aesthetic outcome of amniotic procedure with PLLA/CL and HLA enriched absorbable threads.
  - **ITALY**

**Amr El Naggary**
- **10:25**
  - (HA) Adding perfection to Excellence by 3rd generation threads.
  - **EGYPT**

**Osrou Reza**
- **12:10**
  - Effects of APTOS THREADS compared with Silhouette Soft.
  - **IRAN**

**Ayman Elmegy**
- **12:25**
  - The challenge of face and neck lift procedures in patients with drastic weight loss.
  - **EGYPT**

**Guido Maronati**
- **13:45**
  - Lifting: 3rd generation lifting methods. New perspective to use Aptos methods for intimate Areas.
  - **ITALY**

**Nino Kobaladze**
- **15:00**
  - Face oval restoration with RF Liposuction and thread lifting.
  - **GEORGIA**

**Regina Sosoaca**
- **14:40**
  - A new combined approach for better results.
  - **ROMANIA**

**Natalia Markova**
- **14:20**
  - Female intimate area - correction of vaginal entry by Aptos methods.
  - **RUSSIA**

**Giovanni Lechunov**
- **14:00**
  - New Perspective to use Aptos methods for intimate Areas.
  - **RUSSIA**

**Nino Kobaladze**
- **15:00**
  - Female intimate area - correction of vaginal entry by Aptos methods.
  - **GEORGIA**

**Irina Phillat**
- **15:35**
  - Microfat and threads - the perfect combination.
  - **SAUDI ARABIA**

**Inna Phillat**
- **16:30**
  - Full face optimisation. Combinative methods.
  - **SWITZERLAND**

**Marina Agapova**
- **16:00**
  - Barbed FCL-PLLA threads to correct the skin of the back of the hand.
  - **RUSSIA**

**Wlodzimierz Rosinski**
- **17:30**
  - Nose correction by Aptos Threads.
  - **POLAND**

**Johan Botha**
- **17:30**
  - Experience with Aptos threads from South Africa.
  - **SOUTH AFRICA**

**Nina Zhukova**
- **14:40**
  - Tips and tricks for different genders and psychological types of patients.
  - **CZECH REPUBLIC**

**Mario Goisis**
- **15:35**
  - Microfat and threads - the perfect combination.
  - **ITALY**

**Evgenii Leshunov**
- **14:00**
  - A new combined approach for better results.
  - **RUSSIA**

**Orouji Reza**
- **17:45**
  - Histological rationale for Aptos Threads efficacy.
  - **SOUTH AFRICA**

---

**LUNCH**
- **13:00 - 14:00**
Main results

P(LA/CL)HA threads have more favorable effect on the skin within 14-90 days period after implantation:
1. Thickness of the capsule is more stable;
2. Elastin is intensively produced at an earlier stage of implantation allowing visible improvements quicker;
3. The earlier activation of collagenesis leads to early recovery, increased density and elasticity of the aging dermis.

Thus, patients have more comfortable rehabilitation period and notice the expressed results much faster!
